THE PASSPORT WALLET

A travel wallet for passport, cards and cash, engraved for the traveller.

Holds a passport, cash and cards in curved slots, with RFID blocking built in. Folded edges stand up to years in a carry-on. Laserette is a dual-layer vegan leatherette: the laser removes the top colour to reveal the contrasting layer underneath, so the design is part of the material and won't peel or rub off. Black engraves to silver; every other colour engraves to a rich black.

INCLUDED · NO EXTRA CHARGE

Gift boxed, ready to give.

Every passport wallet arrives in a black gift box with a foam insert. The box lid engraves to silver if you'd like it personalized too.

Shown before engraving.

ARTWORK & APPROVAL

1
Send your artwork in any form you have it: a logo file, a photo of a sketch, or just the text you want.

2
We rebuild it as a production-ready vector (SVG), the file the laser actually runs. Raster images are redrawn, not traced.

3
You get a dimensioned proof for each side you order (front and back), showing exact size and placement on the passport wallet.

4
Revisions are free and unlimited before approval. We engrave only after you approve every side in writing.

PRICING — ENGRAVED ON ONE SIDE

Includes your artwork engraved on one side, the packaging described on page 1, and a proofed SVG. The price per passport wallet falls with quantity because artwork setup is charged once per order, not once per passport wallet.

QUANTITY	SAME DESIGN ON EVERY PASSPORT WALLET	A DIFFERENT NAME ON EACH

Quantity bands apply per order. A different name or date on each passport wallet costs a little more because every piece gets its own file and its own proof check.
