THE VALET TRAY

A snap-together catchall tray for keys, watch and wallet.

Engraved flat, then snapped into shape with gunmetal snaps. A side port lets a charging cable run through, and it's half again bigger than a typical valet tray. Laserette is a dual-layer vegan leatherette: the laser removes the top colour to reveal the contrasting layer underneath, so the design is part of the material and won't peel or rub off. Black engraves to silver; every other colour engraves to a rich black.

INCLUDED · NO EXTRA CHARGE

Ships flat, snaps together in seconds.

Each tray is engraved flat and arrives in a protective sleeve, ready to snap together.

Shown before engraving.

ARTWORK & APPROVAL

1
Send your artwork in any form you have it: a logo file, a photo of a sketch, or just the text you want.

2
We rebuild it as a production-ready vector (SVG), the file the laser actually runs. Raster images are redrawn, not traced.

3
You get a dimensioned proof for each side you order (tray floor and outside walls), showing exact size and placement on the tray.

4
Revisions are free and unlimited before approval. We engrave only after you approve every side in writing.

PRICING — ENGRAVED ON ONE SIDE

Includes your artwork engraved on one side, the packaging described on page 1, and a proofed SVG. The price per tray falls with quantity because artwork setup is charged once per order, not once per tray.

QUANTITY	SAME DESIGN ON EVERY TRAY	A DIFFERENT NAME ON EACH
1	**$35.00**	**$35.00**
2 – 3	$33.00	$34.00
4 – 5	$32.00	$33.00

Quantity bands apply per order. A different name or date on each tray costs a little more because every piece gets its own file and its own proof check.
