THE MUG

An insulated camp-style coffee mug, engraved with your design.

Double-wall stainless steel with a satin powder-coat finish and a built-in handle. The clear lid screws on and slides shut, so coffee stays in the mug on the way to work. The laser removes the coating to reveal bright steel underneath, so your design is part of the mug, not a sticker or a print.

INCLUDED · NO EXTRA CHARGE

Ready to give, in its own gift box.

Every mug arrives in a colour-matched window gift box with its lid and care card.

Shown in black, before engraving. Gift box and care card included.

ARTWORK & APPROVAL

1
Send your artwork in any form you have it: a logo file, a photo of a sketch, or just the text you want.

2
We rebuild it as a production-ready vector (SVG), the file the laser actually runs. Raster images are redrawn, not traced.

3
You get a dimensioned SVG proof for each side you order (front and back), showing exact size and placement on the mug.

4
Revisions are free and unlimited before approval. We engrave only after you approve every side in writing.

PRICING — ENGRAVED ON ONE SIDE

Includes your artwork engraved on one side, the gift box, and a proofed SVG. The price per mug falls with quantity because artwork setup is charged once per order, not once per mug.

Quantity bands apply per order. A different name or date on each mug costs a little more because every piece gets its own file and its own proof check.
